IMPACT

Enable understanding of EU culture diversity and values;

Become more integrated into the society;

Promote personal development;

Enable a full understanding about career opportunities;

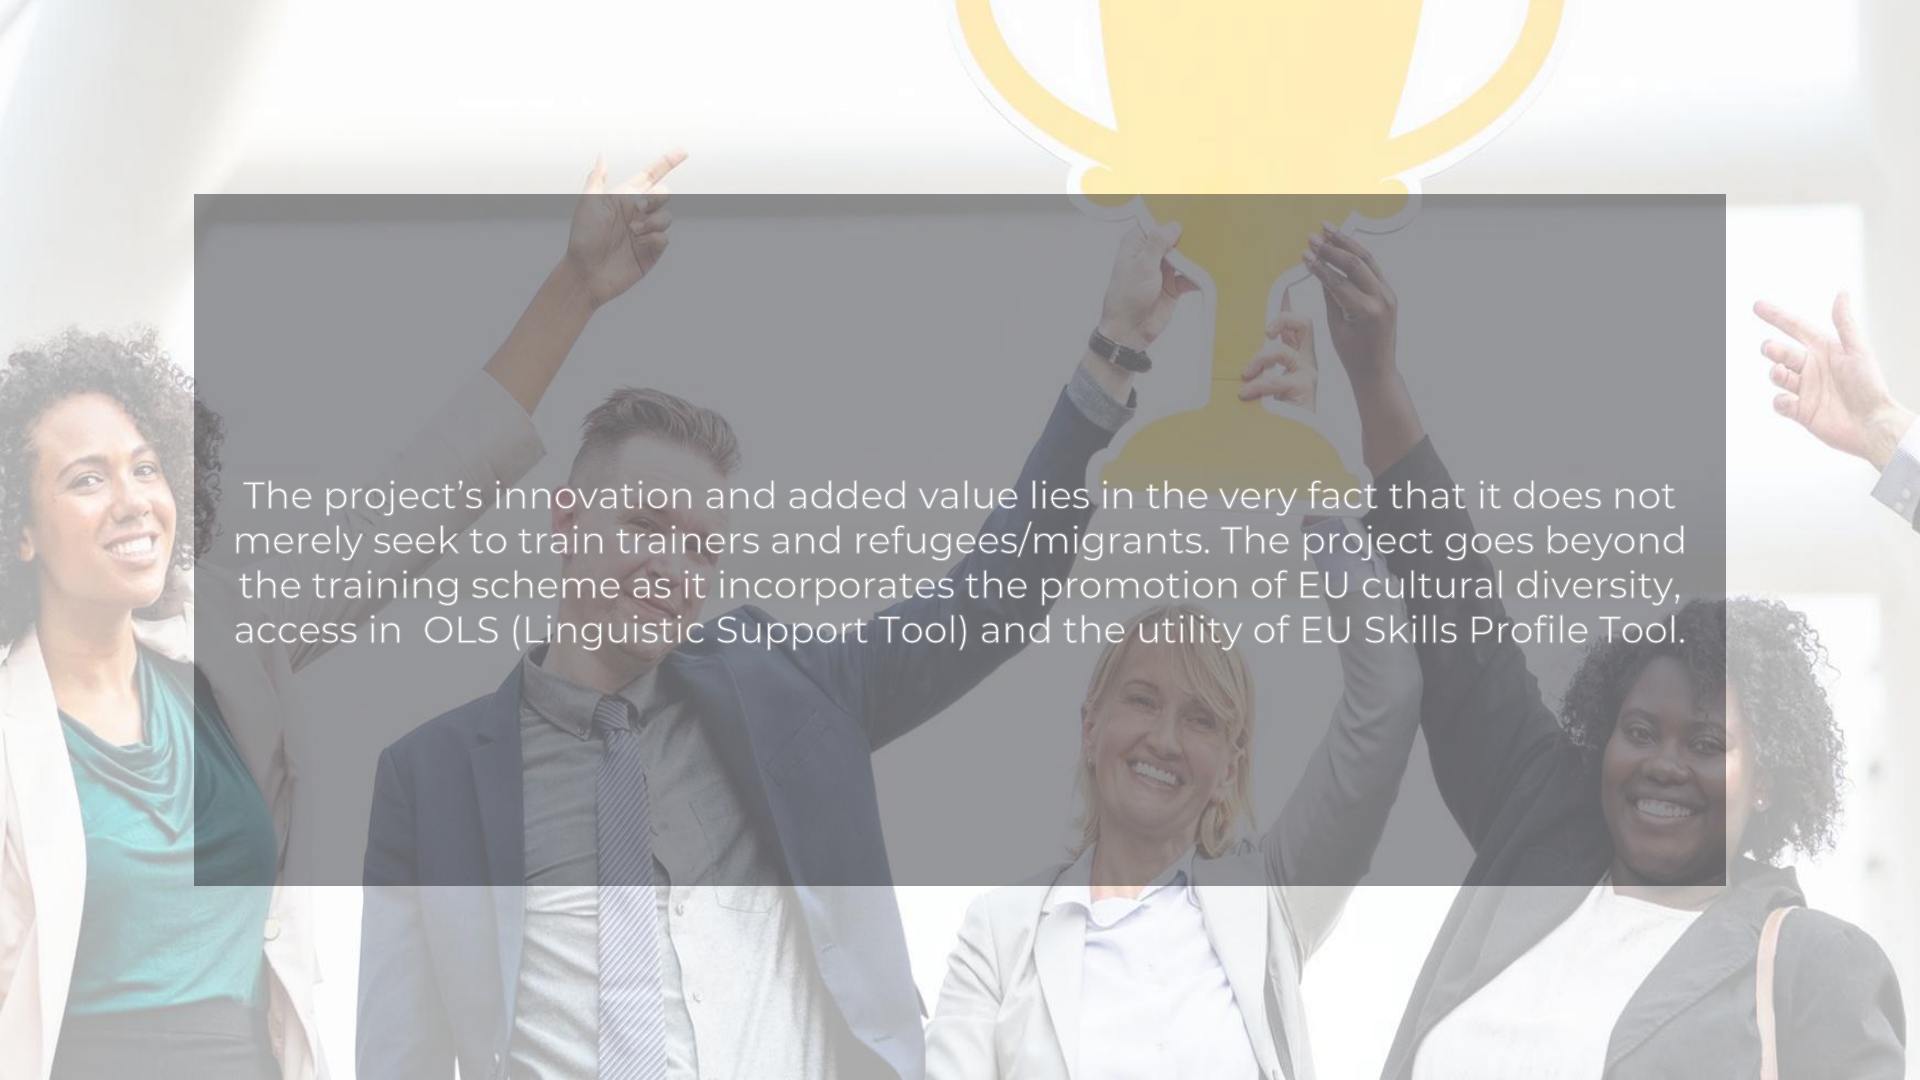

Increase refugees/migrants' income and quality of life;

Better understanding of the importance of EU cultural heritage;

Access to online learning methods;

Being able to have linguistic support through OLS;

Enhancing civic orientation and active citizenship of migrants;

The project's innovation and added value lies in the very fact that it does not merely seek to train trainers and refugees/migrants. The project goes beyond the training scheme as it incorporates the promotion of EU cultural diversity, access in OLS (Linguistic Support Tool) and the utility of EU Skills Profile Tool.
