UKSW - general information

Mission and strategy

“The mission of the Cardinal Stefan Wyszyński University in Warsaw is based on the truth about man and on the search for God in all dimensions of the functioning of modern society, i.e. the natural environment of life and development of the human family. The mission of the University is to conduct research and educate future intellectual elites for the state, the world and the Church. The University is to be a center with which its community of employees, doctoral students and students, as well as the community, i.e. honorary doctors, retired employees, graduates and other people associated with the University in various ways, identify themselves. We want everyone to identify themselves with UKSW, including those who in any way benefit from the effects of the University’s work.”

The academic community of UKSW consists of 12,500 people:

7000
full-time
students

3400
part-time
students

600
students in post-
graduate studies

190
doctoral
students

760
research
workers

490
administrative
staff

There are 12 faculties at UKSW.

The university provides education in 95 fields of study.

UKSW International Relations Department

In the era of globalization, Cardinal Stefan Wyszyński University (UKSW) is dynamically expanding, opening up to the world and cultivating the spirit of international cooperation. UKSW International Relations Department carries out this mission, being a living symbol of openness, innovation and striving for perfection. International Relations Department UKSW connects our university with the global academic community, and our activities are an integral part of the university's strategy aimed at promoting internationalization in every aspect of academic life. The main strategic goal of the department is to create a space where knowledge crosses borders and inspiration comes from every corner of the world.

Warsaw - One City, Two Faces

In Warsaw must-see place on any trip it's the Old Town, entered on the UNESCO World Heritage List. However, when you cross the Vistula River and look at the Old Town from a distance, you are struck by how unusual the panorama of the city is – skyscrapers rise above the red roofs of the Old Town. Historical buildings blend in harmoniously with modern architecture, and the city surprises us by revealing its second face.

During the summer, the city vibrates with life – the cafés and bars open up and dance parties and open-air concerts take place. Meanwhile, the other shore retains its natural character, which is unique in Europe and delights all visitors. There you will find sandy beaches, bike paths and excellent conditions for water sports.

Almost half the area of the city is green. There are as many as 95 parks with Łazienki heading the list. In the summer, the famous Chopin Concerts take place in a unique outdoor setting, while in the historical interiors of the theatre founded by King Stanisław August you can hear music by contemporary composers.
