

# JOIN OUR FIRST SUMMER SCHOOL IN DECARBONISATION & CHEMISTRY

THE 20  
CHEMISTRY GRADUATE  
SCHOOLS' NETWORK

**JUNE 22-JULY 5 2025**  
**IN MULHOUSE - FRANCE**

June 23, 2025	Introduction and presentation
June 24, 2025	CO <sub>2</sub> capture
June 25, 2025	From Waste to Energy Production by B+T Company and <b>company visit</b>
June 26, 2025	Life Cycle Assessment and Digitalization (by Siemens)
June 27, 2025	Tools and Policy for Decarbonization (by Michelin and Syensquo)
June 28, 2025	Social Events
June 29, 2025	Social Events
June 30, 2025	Sustainability Workshop
July 1, 2025	Methanization in the Context of Wastewater Treatment (by SUEZ) and the Fate and Recycling of Plastic Materials
July 2, 2025	Biomass valorization by pyrolysis and gasification and <b>company visit</b>
July 3, 2025	Methanization Biohydrogen
July 4, 2025	CO <sub>2</sub> valorization and capture
